

Final Project dataset-checkpoint 1

Dataset:

I have taken Inpatient prospective payment system (Ipps) dataset from Kaggle.

<https://www.kaggle.com/datasets/tunguz/inpatient-prospective-payment-system-ipp>

Business Issue:

I want analyze through my dataset that which states that cover highest Medicare payments across USA by different provider in correspondence to its Diagnosis Related Group(DRG) as per its rate of discharges .I also want to know what percentage of Medicare spending for people to its revenue.
